

Engineering Summer Student

Pasquini & Associates is a firm of professional engineers, land surveyors, technologists and designers specializing in land development and municipal engineering, operating in Calgary and surrounding communities.

Growth of our firm is carefully managed with an eye on never losing site of the personal touch that our clients desire. Being an employee of Pasquini & Associates offers you the opportunity to grow with our company while working with well recognized and respected developers and homebuilders. We also foster a team oriented, work hard, play hard culture that cares about career development and succession planning. With these core values, stability, and controlled growth we expect to be around for a long time in the Southern Alberta land development industry.

Pasquini & Associates is seeking 3 ambitious Civil Engineering or Technology students to join our team for a summer term position. The term will begin in May 2022 and end August 2022. Reporting to our Field Services Manager, you will spend the 4-month term in the field (job site).

Qualifications:

- Preferably enrolled in a Civil Engineering program at a Canadian College or University.
- Must commit to a 4 month term.
- Proficiency in oral and written English communication skills.
- **Must provide own vehicle for travel to and from job sites. Compensation for mileage will be provided.**
- Must provide own cellular phone with data plan. Compensation for cellular plan will be provided.
- Valid driver's license (Class 5).

Responsibilities:

- Report to Field Services Manager.
- Compliance with Pasquini & Associates' Health and Safety policies and procedures.
- Provide site inspection for earthworks, deep utilities, surface construction and maintenance, builder damage, CCC/FAC inspections.
- Ensure contractor's work meets specifications.
- Develop and maintain courteous and professional working relationship with clients, contractors, and the municipality.
- Coordinate the work of contractors, field staff and other inspectors.
- Ability to effectively manage time and prioritize tasks.

The compensation package for this position will be commensurate with level of qualifications of the successful candidate.

Please apply in confidence to Andrew Downie (adownie@pasquini.ca). We thank all candidates for their interest however, only those selected for an interview will be contacted.
